Volume 13 --- April 2010

President's Message

Greeting!

It is April and spring weather is as unpredictable as ever. Be ready for anything and everything. Speaking of getting ready, get your tying vises ready because on April 17th we will be holding our 3rd Annual "Liars & Tiers;" this is a must attend event! Our featured speaker for the event is Jan Namec of Orvis. Jan has a new book out from which he will present a short PowerPoint and he will be showing off his tying expertise throughout the day. "Liars & Tiers" will be held at:

Silver State Charter School, 3719 N Carson St, Carson City 10AM-4PM

Our fish-out for April is slated for Pyramid. As of now it is set for the 10th of April. Spring time on Pyramid can be huge! So this is a club outing to be at. Big flies, big fish and even bigger lies!

Our March fish-out was at Indian Creek. Word has it that we had about 10-12 members who plied the waters with Mr. Dave Conklin being the man of the day. Make sure when you see Dave ask him his secret.

And as always, call another member and get out and fish. Better yet, take someone and show them the sport and why it is our passion.

El Presidente Koop
