President's Message

It's nice to see this beautiful Spring weather, after all the cold and wind of this past winter. The forecast looks like more of it in the near future...but don't plant your tomatoes outside just yet!

Fishing at Hinkson Slough the past several weeks as been challenging. So many variables can determine your success. Last week, one of our members reported that it was picking up again, with eighteen fish caught. You just never know...

Our April meeting will be on the 13th. As always, we are trying to learn from each other as to what works for catching more fish. I will be demonstrating how to tie the Sheep Creek Special. This fly is one of my "go to" flies while fishing still waters. Bill Hammons will be doing a presentation on fishing Hinkson Slough, with plenty of good information. An outline of his presentation is included in this newsletter. Don't forget to bring two flies if you want to participate in the "Fly-fle".

Stan Zuber has set a date for his FREE introduction to fly tying class. It will be held at the Carson City Sheriff's Office on Saturday, April 24th. Class size is limited; see more information in this newsletter.

California waters are opening up; it's time to get out and wet a line, and enjoy our beautiful outdoors. Hope to see everyone at our meeting on the 13th! Masks are still a requirement.
