President's Message

Even though the wind blew, the opener at Hinkson Slough this year was a productive one for anyone willing to brave the cold and the wind. My friend Kurt netted sixty fish for the day, having his last one measuring in at twenty inches, a very nice fish. I spent a total of nine days camping there, with a few nights temperatures down in the teens. BRRRR.

Each day of catching fish proved to me that those rascals moved all over the slough. I found that the windy days fished better than the nice warm sunny days. The number of fish caught varied from day to day. I had a couple of 52 fish days, and a couple of 15 and under fish days.

On Saturday, February 20th, we had our club fishout/barbeque. Approximately sixteen of us braved the cold wind...we had hamburgers and hot dogs, as well as sides and desserts brought by members. Thanks to all of you who were able to make the trip out. It was an enjoyable day.

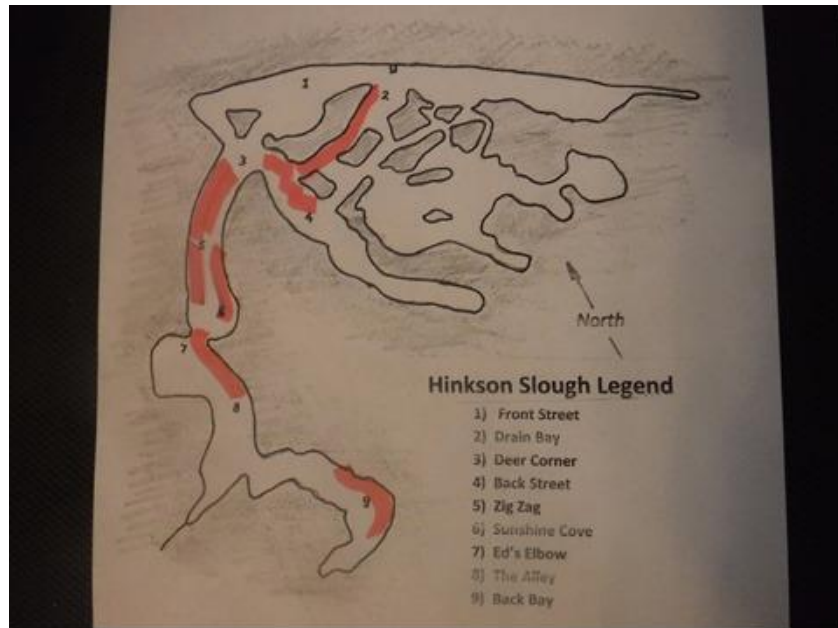

I have read and heard that Pyramid Lake fishing is now beginning to pick up. On nice days, flyfishers are going out in pontoon boats, and catching five to ten nice sized Lahontan Cutthroat Trout, as well as some Pilot Peaks.

Our club meeting is this Tuesday the 9th, at the Carson City Sheriff's Office, Ormsby Meeting Room, at 7:00pm. We will have our board meeting at 6:00, prior to the general meeting. I hope everyone can join us and share some stories.

David Conklin
President

A fishing report from Bill Hammons, 3/4/21

Hinkson is still fishing very well. Thursday was a calm day with plenty of sunshine. Fished for seven hours and averaged about ten per hour. Very nice day... The bite did not start until 8 am, and continued steady until quitting time. Slow stripping a #14 black leech with a #16 sheep creek trailer. Snow cone zebra midge worked well under an indicator, a few inches off the bottom. Most were caught in the Back Bay and Sunshine Cove. The trout are averaging near 12 inches. Better size than usual. Shaded areas on the map show where fish were taken.

Don't forget to bring two flies to the next club meeting for the

Fly-fie!!

We are always looking for pictures for our website! We can walk you through uploading them directly, OR, you can email or text them to Debby (davdebkel@aol.com. 775-230-3974), and she will set up your own album on our club website, and add your pictures to it.
