Volume 217 – April 2019

Hi everyone! Isn't March supposed to be in like a lion and out like a lamb? Seems like it came *and* went as a lion, except for the gorgeous weekend we just had. Hopefully April will prove to be a good month to get out and fish. Bill Hammons will be guiding us through the meeting on April 9th with a fly tying demonstration.

The April Fishout will be held at Indian Creek Reservoir on April 13th and there will be a BBQ. Ken is asking that those attending bring a side dish. We will discuss where and when and what at the meeting.

The Ladies Fly Fishing Clinic will be held on Saturday, April 27th, 8:00am-4:00pm at Fuji Park and Bailey's Pond. Amy will be briefing this event and also the planning of the Joint Fly Tying that will take place in May or June.

Our area rivers are still fishing well, although the flows are just beginning to increase. With the warming temps and the rising water please be careful out there.

Tim Rowe
President

Bill Hammons will be presenting a fly tying demonstration at our April meeting. So, there will be no fly tying before the meeting; we will be starting at 7:00 PM.

Our women's fly fishing clinic is coming up on April 27, at Fuji Park. The clinic is almost full! I will have sign-ups at the meeting for help in setting up & taking down tables & chairs.

Amy

Upcoming Fish Outs

**April 13 - Indian Creek*

**May 18 - Frenchman's Lake/Family Campout*

****PLEASE NOTE CORRECTED DATE FOR FRENCHMANS**

**June 15 - East Walker-Lunch BBQ*

March Fishout Report

Pyramid Lake

We had about 8 members show up for the March fishout. The fishing was slow. But the barbeque and potluck were great! Ken did an outstanding job on the tri-tip, and everything else was great as well! If you don't come for the fishing, come for the food and the friendship. You won't be disappointed!

**DON'T FORGET THE
WOMEN'S FLYFISHING
CLINIC!!!**
*If any of you are
interested, contact Amy.*

*Don't forget to bring two flies to the next club meeting for the
Fly-file!!*
