Volume 223 – November 2019

### November 2019 President's Message

Fall is definitely here, with chilly mornings and warm afternoons. River flows are down for the winter, so take advantage and do some fishing! Our Sierra rivers are winding down and Pyramid Lake fishing is winding up. Fish are being caught from shore now, as temperatures have decreased enough to bring them close to shore.

We have some new fly tying mentoring programs coming up for next year and new enticing raffle items for our monthly meetings. Consider renewing your membership to take advantage of all the club has to offer.

Don't forget our *annual banquet*...Saturday, November 23<sup>rd</sup>, at the Gold Dust West Casino in Carson City. It's a great opportunity to mingle with new and old friends, win some raffle prizes, all while enjoying a sit down dinner of salmon, chicken, or prime rib, fixings, and dessert.

Our November 12<sup>th</sup> general meeting will be the last one for this year. Please, enjoy all the holidays have to offer with your family and friends during the next couple of months, and travel safely. We will resume club meetings in February 2020!

Looking forward to seeing you at the meeting on the 12<sup>th</sup>, and the banquet on the 23<sup>rd</sup>.

Tim Rowe  
Amy Kileen

*Don't forget to bring two flies to the next club meeting  
for the  
Fly-file!!*

## 10 Spot Challenge Reminder

Time is winding down for members to complete the club's 2019  
**10 Spot Challenge.**

The challenge is for members to fish ten different waters during the year. The waters are not limited to Nevada, as any state is eligible. It is not necessary to be successful at each water, simply make the effort.

Currently we know of nine members who have completed the challenge and have fished in at least ten waters. We're also aware of several members who are just a couple of waters shy of the goal.

For those needing a few more waters, here is a list of nearby streams and stillwaters that can be utilized to finish the challenge. All of these are within 30 minutes of downtown Carson City. You can fish ten of these "local" waters, and still qualify for a certificate. There's still a week left to complete the challenge, so call in sick ("my arm is in a cast"), get out and soak up this beautiful fall weather, and wet a line!

Going from the Gardnerville, north towards Reno...

Martin Slough

Mitch Pond

Lampe Park

East and West Fork Carson Rivers

Carson River

Ash Canyon Creek

Kings Canyon Creek

Clear Creek

Baily Pond

Wilson Common

Davis Reservoir

Davis Creek

Whites Creek

Thomas Creek

Marilyn's Pond

Galena Creek

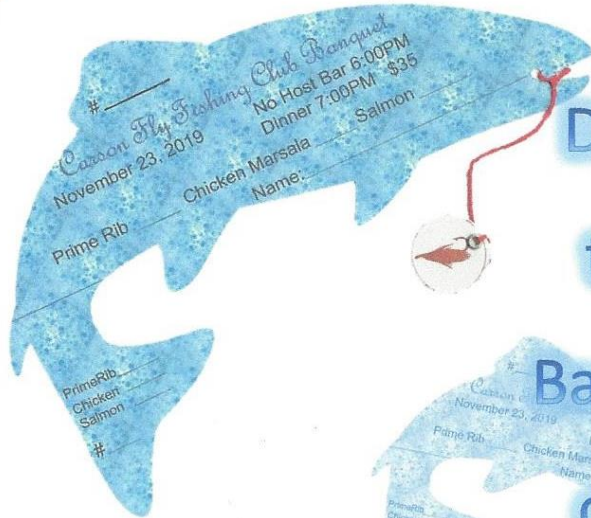

Truckee River

Those who wish to participate need to submit the waters they fished (dates are not necessary) to Bill Hammons at the November 12<sup>th</sup> general meeting or email their waters to Bill at [nauticalempire@charter.net](mailto:nauticalempire@charter.net) by the same date, Tuesday November 12th.

The club will recognize all members with a personalized framed certificate listing the ten waters fished. Should a member fish more than ten waters, all of their waters will be printed on their certificate. Awards will be presented at the club's annual banquet on Saturday, November 23<sup>rd</sup>. If you aren't able to attend the banquet, you will still receive a certificate. Should you have any questions, contact Bill at 887-1027.
